Authority and Reference: Pursuant to the authority vested by Sections 18611 of the Business and Professions Code, and to implement, interpret or make specific Section 18881 of said Code, the commission is considering changes to Division 2 of Title 4 of the California Code of Regulations as follows:

INFORMATIVE DIGEST/POLICY STATEMENT OVERVIEW

Section 18611 of the Business and Professions Code authorizes the commission to adopt, amend, or repeal, regulations as may be necessary to carry out the laws relating to boxing and martial arts.

1. Amend Section 376

The existing regulation under Subsection (a) discusses the terms "grade" and "grader" for the grading of a referee's performance.

The proposed amendment under Subsection (a) would change these terms from "grade" to "evaluate" and "evaluation", and "grader" to "evaluator" as the proper name for grade, etc... should be evaluate, etc... because the "Confidential Referee Evaluation Report" is completed by an evaluator and not a grader.

There is currently no Subsection (b) in current regulation.

The proposed adoption of Subsection (b) would add language that would address procedures to follow when a referee files a written protest regarding any

evaluation. We currently do not have procedures in place.

2. Amend Section 377

The existing regulation under Subsection (a) states that the commission may delegate the responsibility of conducting a hearing to remove a referee's license to an authorized representative of the commission, and the ruling from the hearing shall be final.

The proposed amendment under Subsection (a) would add that if the hearing is delegated to an authorized representative of the commission, and once a decision has been made by that representative, the recommendation will then be referred to the commission who will make the final decision in the matter.

There is currently no Subsection (b) in current regulation.

The proposed adoption of Subsection (b) would address the procedures to follow when a referee requests a hearing after being notified of specific deficiencies. The new language enhances the ability of the commission to review a referee's performance.
